Subject: 2020 BASIC AND ONLINE PRACTICE EXAM DATES

Dear Program Directors and Program Coordinators,

For your planning purposes, we would like to provide the dates for the American Board of Dermatology's 2020 BASIC Exam and Online Practice Exam.

The **BASIC Exam** (for first year Derm residents): Thursday, April 2. This exam will be administered at your institution. An updated version of the BASIC Exam Content Outline is available for your review. This version features a few small changes from the version published for our 2019 BASIC Exam. This content outline is also available on the Exam of the Future Information Center on ABDerm.org.

The **Online Practice Exam** (for third year Derm residents): March 2 – 13. This exam will be administered at your institution and you can select your preferred date within the first two weeks of March.

We are pleased to announce our partnership with a new exam delivery vendor, Internet Testing Services (ITS), for these exams. We selected ITS for its responsive customer service and streamlined tools for exam administration. As the exams approach, we will provide the reference materials you need to prepare for administering these exams.

We will share details about the CORE Exam, including the 2020 dates, in a separate message in early July.

Do not hesitate to contact us with questions or concerns at 617-910-6400 or via email.

Sincerely,

ABD Staff
